

Austin, Texas

March 10, 1949

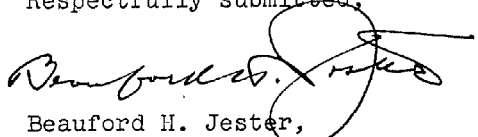

TO THE MEMBERS OF THE 51ST LEGISLATURE:

After a conference with and at the request of Representative J. A. Luedemann of Washington County, District No. 24, I am vetoing and returning herewith House Bill No. 332 to the House of Representatives.

Dr. Luedemann explains that the intent of the Bill was to keep people from removing minnows from the Brazos River but since Grimes and Brazos Counties refused to have a similar minnow law passed, the purpose would not be served.

As this Bill was introduced, sponsored and passed by Dr. Luedemann for the above stated reasons, I am vetoing this Bill at his request.

Respectfully submitted,

Beauford H. Jester,
Governor of Texas.
